Dated 8th April 1899.

The Secretary to the Government

General and Revenue
Departments.

Sir.

I have the honor to report for information of Government that an Iron Sugar Cane mill which had been supplied to the Sidlaghatta Taluq. by the Inspector General of Forests and Plantations in 1888, had been left undisposed of till now, owing to the inadequacy of the bids received therefor. The price of this mill was stated to be Rs 170/- and as an encouragement to the local Agriculturists a discount of 12½ per Cent was promised to the Purchasers. This was not however a sufficient inducement as mills made in

...Madras, were available at
Rs 80 to 100, and there was a mill
factory also established in
Chickballapur. When these facts
were brought to the notice of
the Inspection General of Forests
and intimated that there was
an offer for Rs 40 only, he suggest-
-ed its disposal keeping however
in view the initial cost to
Government (vide his docket
No. 1660/101 dated the 4th November 18...

An order was then issued to
the Amildar to have the mill
disposed of by a public sale.
Some time elapsed in getting
the mill repaired and offering
it for sale, and the Amildar
reports that a bid for Rs 75 has
now been finally secured and
that there is no probability of

the

the price running higher, as a large no. of mills are available for rent in the Taluq and the ryots prefer taking them on hire rather than purchase them and subject themselves to the cost of getting it repaired.

This mill has been in the Taluq for a long time, and further keeping would only deteriorate and no further object would be gained. I have therefore confirmed the present sale and issued orders to realize the balance of the purchase amount.

I have the honor to be,
Sir,

From.

To

H. V. Nanjundia Esqr. M.A. B.L.
Secretary to the Govt of Mysore
General Revenue Department

Sir

With reference to your docket no R. 1602 dated 30th September 1901, I have the honor to state about of the two Sugar cane mills, one was sent to the T. Narsipur Taluk and it was sold there for Rupees 173 and the money was credited in that Treasury (Vide Circle 2 Dy. 15-8-1889)

2. The other was sent to the Seringapatam Taluk and while it was being experimented upon, it was given away. Thereupon the broken mill was returned to this office on 10.12.1888. The whereabouts of this cannot now be traced at this distant date.

I have the honor to be
Sir
Your most obedient Servant

H Ramanujiengar
Dy Commissioner
Mysore District

papers ending with the Taluk Amildar's report No. 2960 dated 10th January 1889 in file marked A).

3. In a subsequent recommendation from the same Taluk ie in February 1892 on behalf of one Chikka Hammaiya, residing at Kunigal, the other mill was let to him on a monthly rent of Rs 16/- in March 1892 and nothing more transpired in the matter till receipt of the docket under reply.

4. Regarding this mill, the Taluk Amildar's report No. 275 of 23rd December 1901 (Paper No. 1 in the accompanying vernacular file marked B.) shews that Chikka Hammaiya paid the hire for the mill for March and April 1892 at Rs 16/- the payment whereof appears in the Taluk account, and that the man repeatedly alleges having returned the mill to the District office after using it for only two months and given delivery of it to the then District Sheristadar, Rangasami Iyengar (now retired). The fact of the alleged delivery has not been borne out by any record in this office, nor has the man produced any

receipt or voucher in support of his allegation, though sufficient time was more than once given to produce documentary Evidence to prove the delivery of the mill either direct to the District office or through the Taluk Amildar. Again, the retired District Sheristadar when questioned as to this, has denied all knowledge of his having taken delivery of the mill from the said individual (Vide Paper No 9 in file B).

5. Local Enquiries were also resorted to, and even through the Police as to the whereabouts of this and the other mill which was returned to the District office in January 1889 and which is also missing. I very much regret to state that in the absence of a regular register or any record of the receipt into and loan by the District office of these mills to large landholders from time to time, it is not possible at this distance of time to trace either of the missing ones to any agriculturist in the District who grows sugarcane largely, nor are there any officials or servants of that time now alive, who were in immediate charge of the District

office

office stores godown, who could give with certainty any clue to these mills.

6. As regards Chikka Hanumaiya to whom I allowed time to produce the voucher or receipt alleged to have been given by the former District Sheristadar and who has again failed to do so, it seems to me that his allegation ~~is~~ to some extent be accepted as true, seeing that he is a landholder paying a large revenue to Government and that he cannot be guilty of uttering a falsehood especially in respect of valuable Government property.

7. If the Government, however, decide that he should be held accountable for the loss of the mill, I solicit orders as to whether the price of the mill let to the individual, viz, ~~Rs~~ 171-8-0 should be recovered from him as a revenue demand.

8. The two files of vernacular records (marked A and B) are herewith submitted for reference.

I have the honor to be,
Sir
Your most obedient servant,

for Deputy Commissioner
Tumkur District.
